EXPERIENCE

DBL VENTURES • RENTMINDR • APRIL 2018
Assist a small property management startup in building client portal for tenant use for reporting issues, invoice payment and payment setup.

IT SUPPORT • RMCS • APRIL 2011 - PRESENT
Provided in home and onsite hardware, software and network support as well as computer repairs and virus removal. Work with clients providing web support and maintenance, including site updates and hosting.

GEEK SQUAD • BEST BUY • MARCH 2001 – APRIL 2011
Worked as a tech support and manager in various stores nationwide. Assisted clients with hardware and software issues, providing face-to-face diagnostic help and recommendations. Ran day-to-day operations while ensuring top-quality service and support.

EDUCATION

FRONT END DEVELOPMENT • TURING SCHOOL OF SOFTWARE AND DESIGN JANUARY 2018
Attended 7-month, 1500-hour, front end developer course covering: Fundamental web technologies, web development with JavaScript, React, Redux, HTML5 and CSS3, professional client-side development, and building desktop and mobile applications with web technologies.

PROJECTS AND TECHNOLOGIES

Enrolled in coursework that involved building **JS** and **React** applications, including a weather application using **jQuery** and **API** calls to weatherUnderground, an **Object-Oriented JS** game-engine, a mobile and desktop friendly **React-Redux** movie database application, and a capstone project with a **node.js** and **express** back-end, utilizing **NPM scripts**, **webpack**, **React-Redux**, and unit testing with **Mocha.**
